

The Modern Desktop solution for *Complete Training Center Management...*

Formally known as **WorldPoint ONE**, developed and supported by EMS Solutions, with over 1,000 TC installations, refreshed and more powerful,

henceforth to be known as >>>>>>

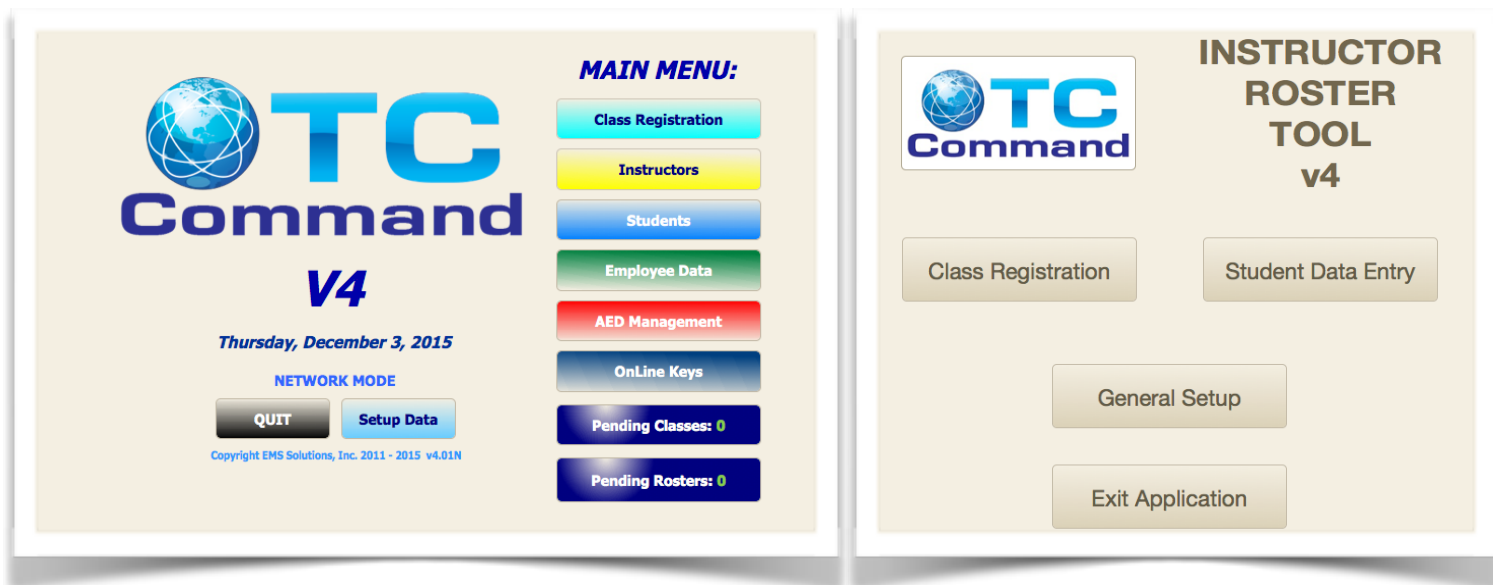

TC Command V4 is the premier solution for managing your Training Center needs, scalable from the small entrepreneurial user to the multi-station, server realm of a hospital or major EMS agency, we grow with your needs. Supporting from a small team of instructors to over thousands with our ancillary Roster Tool, we are cross-platform Windows and Mac, at all levels.

EXPANDED with Version 4, we now offer remote server hosting options to help smaller centers grow and larger centers to remote server costs.

NEW with Version 4, we offer the the **Instructor Roster Tool** in an iPad version and a web rental model, to expand the capability to electronically submit student information.

Developed by a teams of Certified AHA Instructors and EMS Educators, **TC Command V4** addresses all of your specific tasks, with a module for each area: from course card printing, registration and inventory, to statistical reports and student/staff correspondence. TC Command helps you streamline these tasks, giving you more time to manage and market your Training Center.

Minimum system requirements for Single User, Mini-Network and Server Clients:

Windows7 SP1 Ultimate and Professional Editions *
Windows 8.1 Standard and Pro Editions *
Windows 10 Pro and Enterprise Editions *
Mac OS X v10.10 Yosemite, 10.11 El Capitan *
